**Tupperware India s launches a brand store and first retail kiosk in Surat**

Ahmedabad, Tupperware, global premium homeware and direct selling brand based out of Orlando, US, is loved for its best in class product quality and innovative and functional designs. The brand embraced the changing market and consumer trajectory to transform and adopt a multi-channel sales strategy. Since then, it leveraged its direct sellers to launch the exclusive brand outlets and has supported them with relevant training to embrace the retail channel. The brand introduced various initiatives to assist their partners, sales force and franchisee and offered financial support and relief. With this launch, the national count of Tupperware outlets reaches a figure of 66.

Speaking about the store launches and business transformation, Mr. Deepak Chhabra, Managing Director, Tupperware India, said, "Tupperware offers products that are experiential in nature. While our consumers trust us completely for the quality, they wish to touch and feel the product and review a diverse range of product categories, so they understand the functionality better and embrace its innovative design and utilise it to its full potential. This can best be done in a brick and mortar medium of retail sales. The brand is adhering to all guidelines shared by relevant authorities and taking

safety measures and precautions to ensure personal safety in these unprecedented times of COVID-19." Ms. Noor Jahan and Mr. MaazKhimani. On their association with Tupperware, Ms. Jahan said, "Tupperware has always been very close to me personally and being a part of the Tupperware family during their historic transformation is a matter of great pride for me. The brand has presented many opportunities for personal and professional growth and has had a very positive impact on various lives. (13-9)

**Haryana Vision Zero likely to restart next month, funding approved in principle**

Gurugram, The funding for Haryana Vision Zero (HVZ), a road safety programme aimed at reducing on-road fatalities across Haryana, has been approved in principle, five months after the project folded up due to lack of funds. The programme is likely to restart next month, with officials of the Haryana transport department on Monday confirming that the process for formally doing the same has been initiated. HVZ is loosely based on the 'Vision Zero' concept of Sweden, and is aimed at achieving zero

road fatalities in Haryana. Under HVZ, a team of road safety experts collaborate to analyse data of fatal accidents in a particular district and then audit stretches to identify whether human errors, engineering errors, or lack of infrastructure were the causes behind such incidents. The recommendations are then sent to public bodies concerned, for implementation. For instance, at the Khandsa exit on the Delhi-Gurgaon Expressway, 21 pedestrian fatalities were recorded between 2017 and 2019, the highest in Gurugram. After auditing the stretch, HVZ had identified the lack of pedestrian amenities for crossing the National Highway 48 as the main cause of high fatalities and

recommended the installation of a foot overbridge (FOB) at the exit. An FOB was installed by the National Highways Authority of India (NHAI) in May this year. "Last week, during a meeting, it was decided that since the funding for the programme had stopped, the Haryana government would step in. In principle, the decision has been approved and steps for formalising it have started. The remaining paperwork would be completed by the state government in due time," said Anurag Rastogi, principal secretary, Haryana transport department. Rastogi added that the matter was put forward for discussion by Manoj Yadav, director general of police (DGP), Haryana, during a meeting in

Chandigarh on October 22. "The proposal for reviving HVZ is important. During its operation, the programme was effective in reducing road fatalities at the district level through identification of black spots and coordinating with all relevant authorities to ensure that road engineering defects,

which were leading to accidents, can be rectified. HVZ brought all stakeholders together and its results were visible," said Yadav.
